## GREETINGS FROM CHAIRMAN, FAY MILLER

At our Board Meeting on July 17<sup>th</sup>, we had an update from Allison Powell, who is introducing a new in-class program for 3<sup>rd</sup> graders in our schools on the basics of pet care. It is the **BARC** Program, for **B**ehavior, **A**wareness, **R**elationships, and **C**ompassion. This program is being well received and she anticipates that the initial lessons will begin in the fall of this year. The development of this program is a monumental task and we appreciate all the effort being put into this project. This will demonstrate healthy relationships and basic care of and with pets and respect and compassion for all animals.

Euclid Pet Pals received a Trophy for marching in the Memorial Day Parade. Congratulations to all who participated and coordinated the march! Our group was a big hit. Much appreciated.

The **Car Wash on July 6<sup>th</sup>** and the **Flea Market on August 3<sup>rd</sup>** were very successful. My sincere thanks to all the volunteers who worked so hard in coordinating, setting up, putting time and effort into making these events extremely successful, exceeding our expectations. We deeply appreciate the support all of you animal lovers give us to continue our mission.

## ANNUAL 4-PAWS CLAM JAM & BOO BASH

**Tizzano's Party Center**

I am looking forward to seeing many of you at our annual **4-Paws Clam Jam & Boo Bash on Friday, October 25, 2019**. We have a fun evening and your generosity helps us continue our care and services for our animals to give them a second chance for a good life. Tickets are available at the shelter or you can **mail in the form** included in this issue. **Tickets must be purchased no later than Monday, October 21<sup>st</sup>**. If you can provide an **auction item or a door prize**, please let us know by **Tuesday October 22<sup>nd</sup>**. Thank you for your support.

**WE EXTEND OUR SYMPATHIES TO OUR BOARD MEMBER, SANDY PAYNE, ON THE DEATH OF HER HUSBAND, JOHN PAYNE. THE FAMILY REQUESTS THAT IN LIEU OF SENDING FLOWERS, PLEASE MAKE A DONATION TO EUCLID PET PALS IN HIS MEMORY.**

## SPECIAL DONATIONS

We have four special funds described below. If you want to support a specific fund, please note it on your check.

### MILLIE'S FUND

Pay for medical/surgical expenses above & beyond usual needs, as in emergencies & complicated medical procedures.

### FRED'S FUND

Pays for testing for feline leukemia and FIV for every cat before it is adopted.

### BENTLEY TRAXX HAPPY HEARTS FUND

Pays for heartworm testing.

### SOPHIE'S FUND

Helps pay for surgeries animals may require.

\* \* \* \* \*

If you're an online shopper, please start with [www.smile.amazon.com](http://www.smile.amazon.com). If you designate Euclid Pet Pals as your charity, Amazon will donate 0.5% of your purchase to EPP.

### FIND US ON FACEBOOK

Euclid Pet Pals has its own page. Our page is the best place to see the latest animals up for adoption. Volunteer Judy Matthews does an excellent job of posting videos of the animals and information about upcoming events.

You do not have to be a Facebook member to view our page. Just enter [facebook.com/euclidpetpals](https://facebook.com/euclidpetpals) in your browser.

## Looking for Adult Vounteers

There are many kinds of jobs to do and we need adults who can help clean dog kennels or cat rooms in the mornings. We also need adults from Noon to 4p.m. who can greet visitors and escort them to see the cats and dogs waiting to be adopted. We also need volunteers who can just keep up with the laundry. If you work, you might consider volunteering with an evening crew. Even though the shelter closes at 4:00p.m., evening crews come in to make sure every pet has food, water and a clean environment for the night. You can pick up a volunteer application at the shelter or download it from our website [www.euclidpetpals.net](http://www.euclidpetpals.net).

### Our Purpose

The purpose of this citizen advisory commission is to develop and plan programs and to enhance the Euclid Animal Shelter by our efforts in pursuing grants and coordinating fundraising activities.

### Our Mission

The mission is to protect and foster an environment that will give respect and compassion to all animals under the care of the Euclid Animal Shelter. This can be achieved through educational programs and sound leadership. Euclid Pet Pals is a volunteer organization committed to keeping the shelter open by raising funds and recruiting dedicated, reliable volunteers.

## MARIJUANA USE IN PETS

Many people ask veterinarians about use of marijuana and its derivatives for their pets. The FDA held public hearing in late May on legality and usability of those products for pets as a treatment option.

Cannabinoids, such as tetrahydrocannabinols (THC) and cannabidiols (CBD), are found in the flowering tops, resin and leaves of the marijuana plant. Cannabinoids are not found in hemp, except for trace amounts (typically, only parts per million). Therefore, extracts that contain more than trace amounts of cannabinoids must be from the parts of the cannabis plant that are defined as marijuana and regulated as Schedule 1 controlled substances.

### THC VERSUS CBD

Medicinal properties include: anti-inflammatory, anticonvulsant, analgesia, antioxidant, antiseborrheic, anti-MRSA, antifungal, antidepressant, neuroprotective in Parkinson's disease. Non-receptor interactions also exist. CB2 receptors are expressed on cells of the immune system. CBD products often indicate a hemp source, leading many to believe that the products are legally marketed when, in fact, they are not. CBD is promoted as having anti-anxiety, anti-psychoactive, antispasmodic, antibacterial, and many of the same properties as THC-containing marijuana products without the euphoric properties. CB1 receptors are found on neurons and in the GI tract, causing release of GABA (inhibitory neurotransmitter). High concentrations of receptors are present in the canine cerebellum. While CBD may not produce the typical euphoria seen with THC in humans, it does affect the nervous system in mammalian species. The specific mechanisms and effects remain unknown. Both are cannabinoids that originate from the Cannabis sativa plant. The 2 main cannabinoids are tetrahydrocannabinolic acid (THCA) and cannabidiolic acid (CBDA). THCA when dried is converted to tetrahydrocannabinol (THC), the psychoactive cannabinoid. Carboxylation of CBDA yields cannabidiol (CBD).

HEMP – (excluded from the CEA definition of marijuana) is “the mature stalks of such plant, fiber produced from such stalks, oil or cake made from the seeds of such plant, any

other compound, manufacture, salt, derivative, mixture, or preparation of such mature stalks (except the resin extracted there from), fiber,

oil, or cake, or the sterilized seed of such plant which is incapable of germination, “3 and is not a significant source of THC or CBD, as noted in the above section on cannabinoids.

Furthermore, the DEA has issued a clarification that while they indeed recognize industrial hemp research and its products as legal, this protection does not extend to CBD products, which remain illegal, regardless of the source.

Illegal for veterinarians in ANY state to prescribe or recommend as a treatment. Marijuana and its derivatives including CBD are federally illegal, even though more than half of the states have legalized marijuana for human medical use. There are NO FDA approved marijuana or hemp products for use in animals, and thus the legality of veterinarians recommending any unapproved products can be confusing. Even in states where medical marijuana is legal, such as the State of Colorado, it is illegal for a veterinarian to prescribe marijuana for animal use.

Marijuana products are being marketed to treat diseases in animals. While both marijuana and industrial hemp products are available, no studies, doses, or uses in veterinary medicine have been determined. Furthermore, FDA has not approved the use of marijuana or hemp in any form in animals, and the agency cannot ensure the safety or effectiveness of these products. For these reasons, FDA and AVMA cautions pet owners against the use of such products. Many of these products are marketed as CBD oil or chews. These products, despite contrary claims, are illegal for use in pets. Marijuana and its derivatives are ILLEGAL and not approved by the FDA for ANY medical use.
